

SHEKHAR SUDAM KHOT

CAREER OBJECTIVE

Aspiring Software Developer with a strong foundation in programming and database management. Passionate about building scalable applications and solving real-world problems using modern technologies. Currently seeking internship opportunities to gain practical experience and enhance technical skills.

EDUCATION

B.Sc. Computer Science (Pursuing)

Vivekanand Education Society's College (VESASC), Chembur

- Semester 1 CGPA: 9.00
- Semester 2: Appeared (Result Awaited)

HSC (12th Grade)

Swami Vivekanand Junior College, Chembur

- Percentage: 68.50%SSSS

PROJECTS

Library Management System (Python + MySQL)

- Developed a GUI-based application using Python (Tkinter) and MySQL for managing books, members, and transactions
- Designed a scalable database structure supporting multiple book copies and advanced queries
- Implemented modular coding, error handling, and role-based access
- Built a user-friendly interface with multi-page navigation and professional GUI design

Smart Society Management & Security System (In Progress)

- Conceptualized a platform for managing residential societies with features like visitor tracking and complaint handling
- Proposed OTP-based visitor verification and real-time alert system for enhanced security
- Designed system architecture for scalability and future IoT integration
- Planned analytics dashboard for monitoring and improving operational efficiency

INTERNSHIP / EXPERIENCE

“Aspiring Software Developer | Open to Internship Opportunities”

EXTRACURRICULAR ACTIVITIES

- Completed MS Office (Word, Excel, PowerPoint) Certification with A+ Grade
- Actively participated in college events and group activities
- Strong teamwork and collaboration skills
